The Bronx River Alliance serves as a coordinated voice for the river and works in harmonious partnership to protect, improve and restore the Bronx River corridor so that it can be a healthy ecological, recreational, educational and economic resource for the communities through which the river flows. Sponsored by the New York State Department of Transportation, Clean Air NY is an organization that seeks to improve air quality in the New York metro area. Clean Air NY includes individuals and organizations working to improve the health and quality of life in the region. We encourage all New Yorkers to make smart travel choices part of their daily routine—choices that will lead to less driving and air pollution. Edible Schoolyard NYC partners with public schools to build gardens and kitchen classrooms where children can engage in hands-on learning. Our goal is to provide students with the knowledge, skills and environment required to make healthier choices and change the way they eat...for life. Friends of Hudson River Park, the primary advocacy and support organization for the Park, was founded in 1999. Our mission is to complete and sustain this world-class park that includes expansive lawns, horticultural walkways, recreational facilities, historic landmarks, and access to one of the most important rivers in the city and state.

Interns continue to play an important part in activities at the AGS. The many projects they carry out are not just important and necessary but of lasting value to the Society. They are welcome at the AGS at any time of the year, part-time as well as full-time, for a minimum of ten weeks.

AMNH offers customized, unpaid, and supervised internships in a variety of programs for schools, teachers, and the public throughout the year.

Fellows/interns are usually on board for a minimum of 6 months. Starting and ending dates are flexible. These are all unpaid part-time roles. Each year, interns have an eight-month, hands-on experience working directly with BBG's internationally respected horticulture staff. Internships are open to any adult over 18 who has a strong interest in horticulture. The applicant must be able to do physical labor outdoors and possess a valid driver's license. This program is designed for people interested in pursuing a career in horticulture. Responsibilities include, but are not limited to:  
- Help with event set-ups and break-downs in the park  
- Assist in coordination of public events in the park, including our annual Movies with a View summer film series, Waterfront Workouts, Cove Camp and other education and stewardship events  
- Maintain databases, provide general administrative support of staff, and conduct research for events and Conservancy operations  
- Work extensively in the park, interacting with park staff and volunteers

The Internship & Community Volunteer Program will provide opportunities for young adults and community volunteers interested in sustainability to gain valuable knowledge and work experience while supporting the programs and resources at Brooklyn Ecopolis. Interns and volunteers will help develop Brooklyn Ecopolis resources, provide guidance for visitors, and support special projects.

BFI is always looking for energetic and talented volunteers to help us with various tasks and projects. If you live in the New York area and are interested in volunteering your time and ideas to helping BFI, please contact us so that we can keep you updated on upcoming events and opportunities. Interns will gain experience working on the ground in the effort to create a greener built environment in NYC. Build It Green! NYC Interns receive close supervision and work side by side with staff members working on important issues and projects. Interns will participate in staff meetings at which strategy is determined and plans are made. The internships will typically be a mix of policy, writing, marketing mixed with organizing the warehouse and other administrative tasks. But you will be appreciated, and more responsibility will be offered depending on the length of your internship, and if you're up for it.

Volunteer to work closely with a Conservancy Zone Gardener and other volunteers on a weekly basis to help meet the horticultural and maintenance needs of one of Central Park's 49 zones. City Harvest is seeking an intern to assist the Special Events department on a variety of event related tasks. City Harvest Human Resources Department is seeking a Human Resources Intern to work in our midtown office; City Harvest's Corporate Partnerships department is seeking an unpaid Intern to work in our midtown office; The Corporate Partnerships department is seeking a paid (monthly stipend) Skip Lunch Fight Hunger intern.

The website is frequently updated, and there are many opportunities. If you are an undergraduate, graduate or professional student or a recent graduate with your own strong interest in crucial issues of our day, the Clinton Foundation Intern Program offers a unique opportunity for growth, learning and meaningful service; Hands-on experience: Interns have the responsibility of interacting directly with staff, volunteers, and Foundation stakeholders, in such activities as communications, development, and scheduling. Through firsthand experience you learn how the Clinton Foundation functions on a daily basis, and assist with this process directly. In each intern class, we look for candidates who are diligent, resourceful, professional, and intellectually curious, as we believe these qualities in our interns reinforce and bring us closer to the Clinton Foundation's mission of meeting the challenges of global interdependence; the Clinton Foundation hosts a number of Brown Bag Lunches, where guests, including senior administration officials, and leaders in politics, business, entertainment, and journalism discuss issues of the day over an informal lunch.

Not in NYC - As a participant in the DOE Scholars Program, you will have a competitive edge for familiarizing yourself with DOE functions while showcasing your education, talent, and skills. The DOE Scholars Program presents you with the opportunity to explore a federal career with DOE at various stages in your education. Takes place in upstate NY, accommodations provided; DEC's environmental education centers (Five Rivers and Reinstein Woods) offer ten- to twelve-week naturalist training internships to persons seeking professional experience in environmental education. Each intern will receive training in the mission and role of the DEC environmental education bureau, a wide variety of center programs, the operations and activities of a center, principles of environmental interpretation, and natural history of New York. most internships with the Department of Environmental Conservation are done on an unpaid basis and are most frequently the result of a student request. The internship may be either academic credit or to gain experience. A DEC Division or Region may develop an internship where a mutually beneficial experience for both the student and the Department can be identified

DAP has numerous volunteer and internship opportunities available every semester and summer term. Our farm thrives under the care of passionate, punctual, dedicated individuals with a can-do attitude and experience working outdoors. We work rain or shine from March until November. It helps if you know how to take care of plants, but it matters more that you're a team-builder, strongly self-directed, curious enough to learn quickly, and have good communication skills. Ecology and Environment, Inc. provides paid internships for college students after their Junior year has been completed. The mission of our intern program is to identify and hire energetic, enthusiastic interns who add value to the company. In return, we provide interns with an enriching learning experience within a professional environment.

Many various internships, website frequently updated.

EPA hires interns for administrative/clerical positions as well as technical positions in areas such as life sciences, program or policy analysis, and engineering.

As an intern at Food & Water Watch, you'll enjoy a great working environment and opportunities for advancement and job placement. We are currently seeking interns interested in fighting for safe food, clean water, and healthy oceans. Hours are flexible in a relaxed office environment

Many various internships, website frequently updated.

Gateway Research Learning Center's Internship Program enables students to obtain practical experience and meet hands-on training requirements necessary to earn their degrees or explore a profession before pursuing it.

pair each internship with specific sectors of Ger-Nis' growing business and allow greater focus on expanding each category while giving interns the opportunities to expand the skills they need. This is a 15 week internship, 3 days per week, with potential for a small stipend. Some flexibility in schedule possible.

If you are interested in working with natural and cultural sustainability issues, being an intern is an exciting way to enter into the world of Green Mapping. We have a dynamic work-team environment and offer informative internships to future leaders, ages 18 and up.

Interns rotate between project work for Green Spaces and its members; Requirements: Minimum of 3 months, 10 hours/week. Student credit or volunteer experience only (possible stipends may be available). Must be passionate about doing socially responsible work!

Interns, similarly to volunteers, will be given educational opportunities and potential networking experiences to engage you more in the today's green professional world. A minimum of 10 hours a week for a semester at our downtown office is required. GrowNYC offers 2-6 month unpaid internships, as available, in our main office and for all of our major programs. These internships include time both in our offices at 51 Chambers Street and in the field, whether that be at a Greenmarket in the South Bronx, a community garden in Washington Heights, or a classroom in Jackson Heights. Internships may be project specific or general, as needed.

GrowNYC: Greenmarket	Nutrition; Greenmarkets; Education Environmental Education; Design; Climate	Various education, outreach, communication, reporting, research	2012 Greenmarket Internship Program	<a href="http://www.grownyc.org/greenmarket/internship">http://www.grownyc.org/greenmarket/internship</a>	<a href="mailto:astevens@greenmarket.cc">astevens@greenmarket.cc</a>	Available Greenmarket unpaid internships for the 2012 season range from helping with basic administrative tasks in the Greenmarket office to leading school tours through the markets to helping establish a local food distribution program throughout New York City.
